It was only recent that he moved into
Ean !
an old abandoned manor in outskirt of my village

He looked like a sensitive a young man with pure black hair and pale skin.
Ah, sunny boy
What ?

서울시 동산구 한강로 3가 40-456 ☎ 140-880

What ?
Again ?
Not interested
No !
You eat now !
You hired my mom for this and you aren't even eating her food ?!
She's going to be disappointed and I am not going to lie that you ate !
Come on
Come with me
I know a good spot outside. I am sure you will feel better for lunch there

Hold the other end !
Nice place, eh ?

Yes.
Good
Still all you do is smoke
I heard that you are an author. Why aren't you writing anything ?
I heard that you are a genius writer
Eh , maybe I shouldn t have aksed ?
I am just
Genius ? Yeah, right
Good and fast at collecting vast amount of data as well as organizing them and then piecemg them into a story That s all

To people in [redacted] since I do things so fast and swift,
They simply feel overwhelmed and call me a [redacted] just to me differently, so in reality, they are calling me a genius [redacted] they are lazy.
What ? don't get it.
So [redacted] why aren't you writing ?
My heart is closed
My passion has dried up I have nothing going on in my heart.
And I haven't found any yet
I need to find a new source of passion

That sounds cool I suppose it's a bad thing ?
An author who can't write
without extensive data is not an author.
Is this what they call author's slump ?
This is why I dislike educated people
As for me
I am a boy who

Fell in love with this man
Is the smoke bothering you?
담배 연기 괜찮아?
At the first sight
No it's not coming down here due to wind
응 바람 때문에 여기까지 안 와

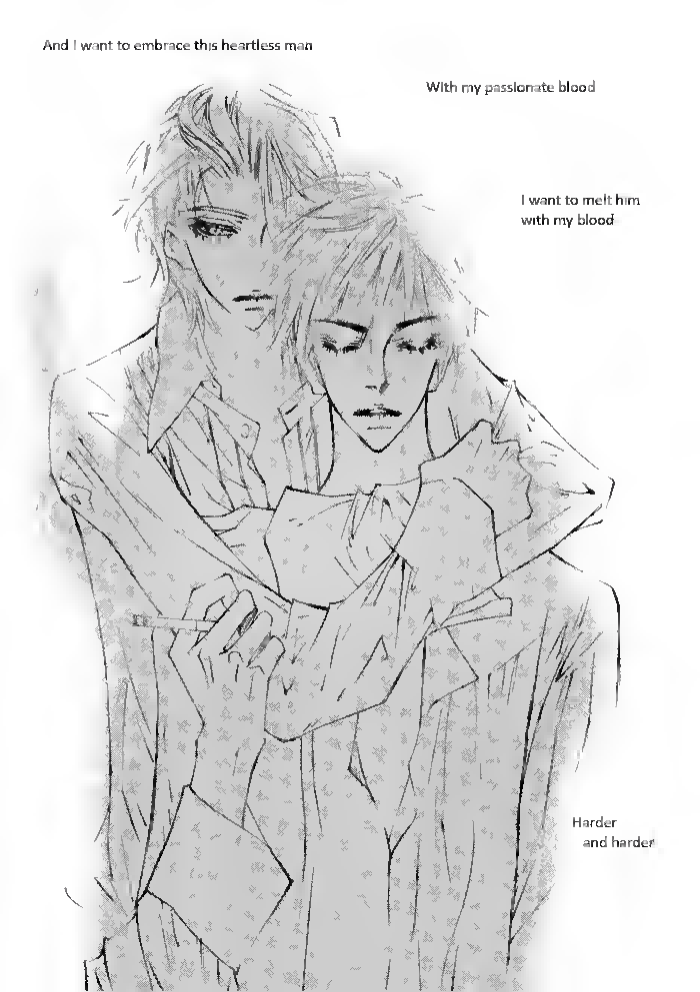
His veined eyes
shocking lack of sleep...
And his tendency to
gaze into a distance...
And slim body...
Whenever
his hand
touches
me...
It feels cool and
reeks cigaret...
Ahah
I want to grow
up fast...



And I want to embrace this heartless man
With my passionate blood
I want to melt him
with my blood
Harder
and harder

Kar l
I figured so
Oh, my
I— I am sorry
He was late, so I was worried that he was bothering you
It's qu te alright
Sunny siblings—

Ian !
What's going on ? Why all the workers ?
Kai ?
Yes, that'd be me.
You didn't sleep again, did you.

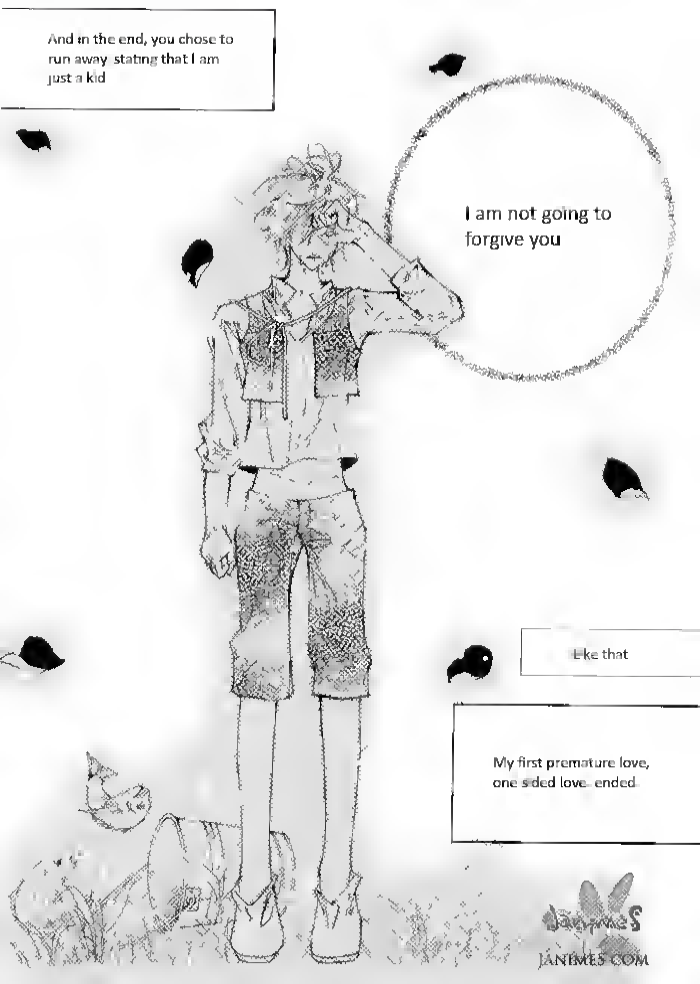
The house needs some work in order for your family to move in here.
It should be finished before the day.
Why would my family move in here?
?
And what do you mean by "the day"?
The day when you will become my real family
?
I am going to marry your sister

Why ?
I felt like I was swallowing a knife

Ka ?
I thought you'd be happier
You don't want to be my family ?
Out of all women why my sister ?
The swallowed knife was in my vein, flowing toward my heart
꼬마가 지을 표정이 아니잖아-
That's not the kind of face a kid should make
You are a smart kid
—?
I want you to receive proper education in a good school

I may not look like it, but I inher ted quite a lot of wealth
And the first book I published has been providing me with steady monthly income
I will have no problem with supporting your entire family
If
If you had just-
Told me that you loved my sister even if you did not mean so -

I would have closed my feelings and put it aside as a memory of my puberty.
Kai ?
But you, you threw yourself away.
As if you don't really care for anything.
As if you knew my feeling and was laughing at me.
Even at a small opportunity you sacrificed yourself.



And in the end, you chose to run away stating that I am just a kid
I am not going to forgive you
Like that
My first premature love, one sided love, ended
JANIMES.COM

In the future
The day
All I remembered of the day was the desperate sound made from dying fishes which I caught for him.
And rose petals were remembered as blood, raining and settling on his pale face as a vivid reminder of my hurt feelings

Kar
What is it ? You didn't even call me that you d come
My grade report
You are my benefactor after all

This is one of reasons I live
Ah
You don't have to do this
What are you saying ?
I am [illegible] my gratitude to the man who saw my potential and let it develop.
persistent, kiddo.
I apologized you about your sister
Can I come in?
Sure

Kai
You got taller I see
I wonder how tall
you will get
Why don't you
quit smoking ?
Oh, you are
worrying about
me ?
It smells so bad that
I almost threw up when
kissing
He's a heavy
smoker
Who are you
talking about ?
My boyfriend
who else ?

Kai ?
Boyfriend ?
Are you
You started writing again ?
Oh, you don't know
I've published few books recently
Is that so ?
I guess you must have been really busy
The publisher was advertising it a lot telling me that they were big hits
Sorry
I didn't know I had to buy your books
I will pay more attention.

You know that's not what I meant
Anyway,
It s too easy to spot
What ?
?
And acting like you didn t know I was coming here hmph
It's too easy for you to spot that I am coming from here

What are you talking about ?
You are acting like you've just [illegible] your first love, like some boy you knew.
It's laughable and dirty at your age.
킥

Ian !
Ian
What is it, Kai ?
Do you have any spare clothes I could use ?
I forgot to bring mine I think I have some clothes over at my sister's home though

Didn t you find a bath robe in there ?
I fell to the floor and got wet
I am getting cold here, You can take that shirt off at least.
Here
Ah, sorry.
JANIMES.COM

Forget about pants
I don't feel like wearing one
Yeah?
I thought you were cold ?
Got beer ?
You are
underaged
Got any Cocaine ?
I will br ng beer

Can I call a friend ?
No, I don't mind, but seeing you having friends sounds a little out of place
Oh, you know what ?
What
Kiss with him is disgusting due to his smell
But he is a great sex partner

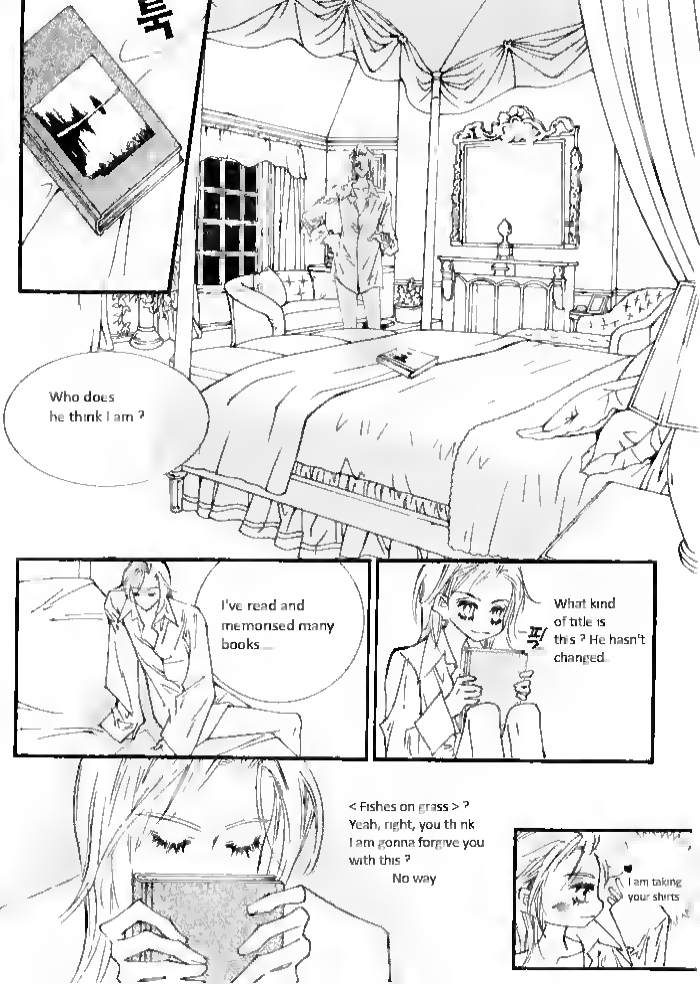
I wouldn't call him to my sister's home since even my cousin is there
This place is much safer
Are you fine with it ?
Ian ?
What
You don't want ? Just say so

You stay here, by my side
So that I can watch you
Hm, it'd be a little inconvenient but I will call him at home
No, that's fine
That sounds a bit like a proposal
하하하

Forever my guardian, eh ?
At first you tried to be my brother-in-law now you are trying to be my father ?
I am going to bed.
Yeah
Ah
Wanna touch ?

I thought you proposed to me and—
Look, all these goosebumps.
Kai.

Do you really
Have to be cruel with me ?
Ahah ..., this is fun and sweet.



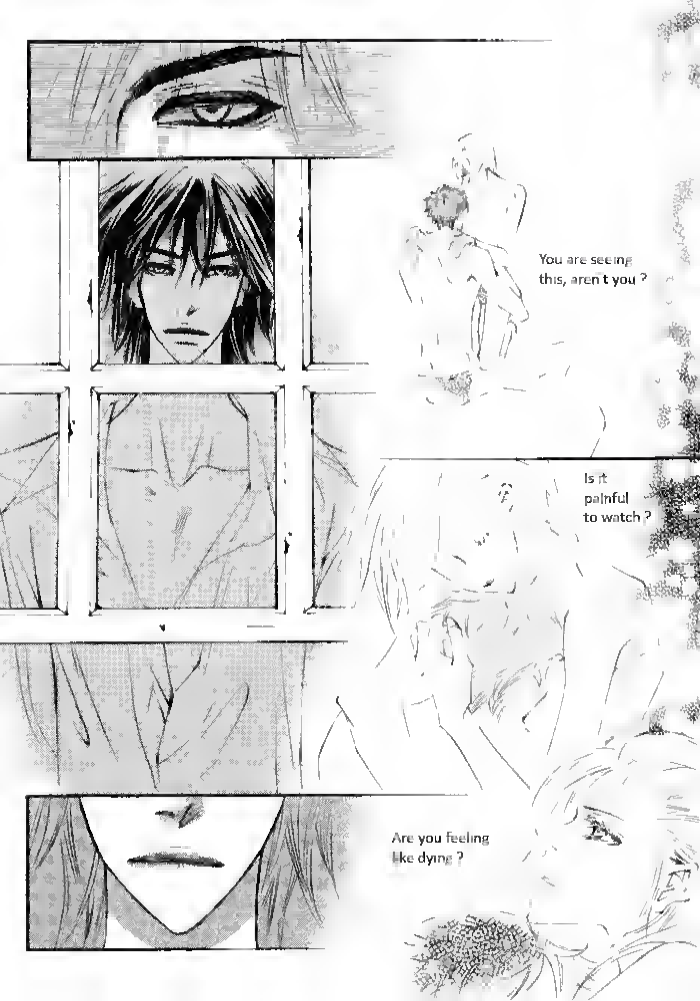
Who does he think I am ?
I've read and memorised many books....
What kind of title is this ? He hasn't changed..
< Fishes on grass > ?
Yeah, right, you th nk I am gonna forgive you with this ?
No way
I am taking your shirts

I do think you are pushing it.
Haven't you done enough ?
He said what you wanted him to say. Isn't that enough ?
No, not enough
If I take him now with pity he's going to run away from me again.
He is a very sensitive guy, probably the most sensitive guy, I know
I bet he is not used to this sort of stuff, so he won't able to take it for too long

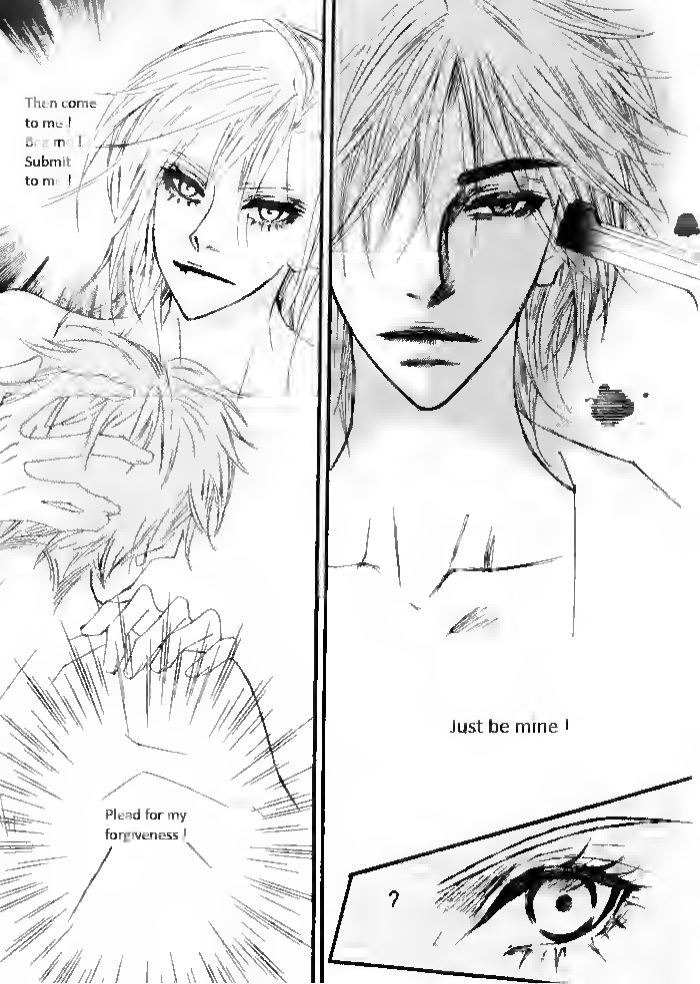
If he can take it, it means he still has strength to run away also
I won't feel safe until he comes kneeling down on my feet and begs me
You are sick, you know that
JANIMES.COM
And I guess I am no better for agreeing you to play in your little love game
Come on, we are friends, and I will help you with the exam

What next..are we gonna kiss ?
Hold on He should be in his bathroom, so this angle will be the best, so let's keep it like this
키스는 역겨타고 했으니까 패스해줘~
I told h m the kiss was too disgusting, so let's pass
역겨~
disgusting
Why ?
I am senous I really think you are pushing him too far
Even I can see him getting thinner everyday. I feel like I am committing a great sin against the guy. This is wrong

Yep
And the more he suffers,
it becomes sweeter and sweeter for me
Wanna go for it for real ?
You can bite me a bit
Nah, I will bite a chunk off you.



You are seeing this, aren't you ?
Is it painful to watch ?
Are you feeling like dying ?



Then come to me !
Be mine !
Submit to me !
Just be mine !
Plead for my forgiveness !
?

END

The sensitive author protected him self in such a way and found peace
How are you feeling today ?
Kai
And
He took my heart with him into his grave.

[달콤하고 달콤하도다] 제멋대로의 이야기

안녕하세요~
저도 거의 10여년 만에 이슈에 다시 돌아온 것 같아 나름 감개무량(훗훗)합니다

가서 때만 까치는 자리 아닐까~ 땅을 히도 많이 파서
지금은 아예 드러누워있으니
좀 낫습니다. 누우니 하늘도 보이고 말이죠~ 히하 T_T

이 원고에서 하고 싶었던 얘기는 말어내는 달콤한 고통-쯤이었던 것 같은데
하고 나니 쥐도 몰리면 문다 / 어른은 놀리는 거 아니다-
뭐 그렇게 되고 말았—

페이지 압박으로 막판엔 자쳐서 후들후들했지만
어쨌거나 여러모로 즐거운 경험이었습니다

이것도 인연이니 다른 곳에서 뵈면 아는 척해주세요 ^^
